### AIRCRAFT

Tradewind Aviation Pilatus PC-12s are operated on this route. We reserve the right to substitute aircraft if necessary.

### BAGGAGE & CARRY-ONS

Every effort will be made to accommodate baggage. Each passenger may take 50 lbs. of luggage. In the event that weight is deemed excessive by the Captain some baggage may be transported on other Tradewind aircraft.

Pursuant to FAA regulations, all baggage, including carry-on's must be secured in the baggage area. Please plan your packing accordingly.

### BAGGAGE & CARRY-ONS (CONTINUED)

Federal law forbids the carriage of hazardous materials aboard the aircraft in your luggage or on your person. A violation can result in five years' imprisonment and penalties of \$250,000 or more (49 U.S.C. 5124). Hazardous materials include explosives, compressed gases, flammable liquids and solids, oxidizers, poisons, corrosives and radioactive materials. Examples: Paints, lighter fluid, fireworks, tear gases, oxygen bottles, and radio-pharmaceuticals. There are special exceptions for small quantities (up to 70 ounces total) of medicinal and toilet articles carried in your luggage and certain smoking materials carried on your person.

### PETS

Pets must be accompanied by their owner and appropriate documentation. Small pets in carriers that may fit on a lap are always welcome. A maximum of one family of larger pets is allowed per flight. Unforeseen circumstances (weather, etc) may require that more larger pets are combined on the same flight. We will do our best in these rare situations to accommodate everyone comfortably. If a pet is rowdy or doesn't like to play with other pets, we ask that it is placed in an appropriate pet carrier. Please notify the office to provide all pet names and weights at the time of booking. Pets in excess of 100 lbs require the purchase of a seat.

### WEATHER

Tradewind is certified to fly in most of the same conditions as scheduled commercial airliners. In certain limited circumstances, pursuant to federal regulations and/or safety, our aircraft will not be able to depart from, or land at our destination.

The decision to divert to another airport will be made by the Captain and will be made in the interest of safety. Passengers are responsible for any costs associated with alternative travel arrangements made necessary by the diversion.

### QUESTIONS

Please feel free to contact us with any questions or concerns. We welcome any comments or suggestions you may have and strive to do our best to make your experience with us as comfortable and smooth as possible.
